Additional information:

Complete bank details for sending refund

Account holder:

IBAN:

Currency:

I declare that the information is correct. I also understand that every detail mentioned in the questionnaire can have an impact on the result of the precalculation.

I understand that Neotax commission is based on the income tax refund for a given tax year. If the foreign tax office reduces the paid tax refund by deducting any existing, known or unknown, debts towards any official authority, this reduction will not influence the calculation of the commission, which is based on tax return confirmed by tax office. More about such situation can be found on the [blog](#).
